POWER TOOLS

SURFACE MILLING MACHINE EOF 100

The innovative surface milling system

The innovative surface milling system as precise and fast alternative - strong performance with low weight

- Fine milling of paint, varnish, resins, solid and greasy dirt as well as coatings on plane wood and mineral surfaces
- Used for renovation and reconstruction up to restoration

- Precision hood - depth adjustment in 0.1 mm steps for exact removing (up to max. 1.0 mm) no unintentional milling into the basic material

TIME AND MATERIAL SAVING compared to alternative methods

-> easy and economical working -> saves about 2/3 of the working time

no hazardous chemical substances

no unhealthy persistent odors

no clogging of the abrasive

Depth adjustment (0.1 - 1.0 mm)

one detent corresponds to a depth of 0.1 mm

Ø 100

with tungsten carbide on wooden

e.g. gates, doors, stairs, balconies and facade claddings

with PCD on mineral surfaces

PCD milling discs

pointed segments: for the achievement of slightly rough surfaces
round segments: for the achievement of smooth surfaces

e.g. thin decorative plasters, markings, coatings and paints

Turnable protection guard with dust extraction
flexible adaptation to the surface to be finished especially in edges

Powerful 1,400 W motor

Cut-off carbon brushes
protection of the motor

Electronic: soft start, temperature control, constant speed, overload limitation – perfect working results, protection of the machine

Slim housing design – handy

Soft grip handle

less vibration,
non-slip,
perfect handling

Spindle lock

easy change of the disc

Lock-on button

against unintentional switching on

Support plate

easy guiding, no tilting of the machine

Ø 100

Choose and order also the appropriate milling discs for your application!

Accessory	Description	Order no.
	PCD milling disc for mineral surfaces	
	round segments	37125000
	pointed segments	37126000
	Tungsten carbide milling disc for wooden surfaces	37124000
	Industrial vacuum cleaner	
	DSS 25 M	09917000
	DSS 35 M iP	09919000

Specifications	Surface milling machine EOF 100
Power input	1400 W
Rated voltage	230 V ~
Rated speed	10000 rpm
Milling depth	0.1-1.0 mm
Disc diameter	100 mm
Spindle connection	Ø 22.2 mm
Weight	3.1 kg
Order no.	06531000
Supplied	in a case incl. assembly tools without milling disc
