

EHD 13.1

Single Speed Hammer Drill Machine

EIBENSTOCK
P O S I T R O N

Use :

- Electrical installation, sanitary and heating installations, Vehicle construction.
- Civil engineering industrialised building construction & Bus body building, Housing fabrication work

Features

- Soft grip for comfortable and energy-saving operation .
- Variable speed to suit different requirements in different applications.
- Forward and reverse switch for convenient operation.

Specification		EHD 13.1
Input Supply Voltage (V)		220-240
Motor Input (W)		650
Drilling Capacity (mm)	Conc.	13
	Steel	13
	Wood	25
No load Speed n_0 (min^{-1})		0-3000
Chuck Drill holding capacity (mm)		1.5-13
Weight (kg)		1.8
