

## Feature:

- Rigid Machine Construction
- Low Maintenance
- Additional Protection Guard
- Spindle Lock Facility
- Adjustable spark guard allows user to control the direction of the sparks coming from the machine
- Ergonomic design for a good handling and less user fatigue
- Heavy duty guard for maximum user protection
- High power abrasion protected motor delivers high overload capabilities for greater durability
- Quick release clamp results in less time in changing the work piece
- Spindle lock allows the user to change the disc quickly and easily

Specification		EST 355 S.1
Power Input (W)		2300
Voltage (V)		220-240
Capacity (mm)		355
Working Capacity (mm)	Round Pipe	130
	Rectangular Pipe	120 X 130
	Anglel	140 X 140
N/L Speed (rpm)		4000
Net Wight (kg)		16.8
